

## **2023 Fairway Village Board of Directors Candidates**

**John Castino** was born in Spokane, Washington and graduated from Spokane Falls College and Eastern Washington University. With a BA in Business, John went forward and worked primarily in the truck transportation & Logistics arenas for several large transportation firms throughout the Western U.S. Primarily working in sales & marketing in a management role, John first moved to Vancouver way back in November 1982, when Fairway Village was still in its infancy. He lived on Park Meadows drive, just outside the wall from Fairway Village.

Over the next 10 years John quietly observed the progress of Fairway Village, occasionally played the course and always wanted to retire here in our community. From 1992 thru 2020, John held several management positions, most notably as Executive VP of Sales & Marketing for Arrow Transportation Company here in the Portland area. Additionally, John was a National Account Manager

traveling extensively throughout the U.S. Throughout his career John was stationed in Seattle, Denver, San Francisco and Southern California. Finally, once the pandemic struck, John retired in May 2020 and came home to Vancouver and Fairway Village for retirement.

John is single and has one Daughter living in Portland. He is a past member of the Beaverton, Oregon Rotary and has helped out on many volunteer positions within the Rotary group, including Meals on Wheels making deliveries. John's main passions are caring for & walking the streets of Fairway with his beloved Greyhound, Sadie and also has a love for yardwork and home remodeling.

John's early years here in Vancouver were impressionable in that he always thought it would be a great place to come back to for retirement! Now it's time to give back to our community.

**Jeanine Mauer** moved to Fairway Village (FV) in September 2022, looking to downsize and build a new community. She is finding that moving to FV is changing her life in so many positive ways. She is mother to a son and daughter and grandmother to six grandchildren. At FV, she has become a member of the Book Club and Landscape Committee, and as a recent widow, has gotten to know many members of this community through her participation in Celebrants, a FV grief support group. Her contributions to the group and her outreach to others trying to circumnavigate grief and single life are valuable and appreciated.

As a Certified Medical Assistant, Jeanine dedicated her life to helping those in need. Later, she became an administrative assistant at Another Way Ministries where she applied her talent for organization, sales, curriculum development, and job seeking skills to homeless and unemployed participants. In addition,

she was a leader at the Truman Elementary School Reading Center and Lab. Her work with ESL children and her talent at reaching under privileged children was important to many kids who could not read. Her goal was to help them reach the reading level of their peers during one school year and set out to do just that!

Jeanine is looking forward to her next challenge, working on the Board to improve the lives of FV residents, and to working with constituents to make sure their opinions are valued. She will work tirelessly in her efforts to accomplish the goal!
